

Delivering Excellence Every Day

"One Stop Shop"

for Permitting in Dade County

The Miami-Dade County Health Department (DOH) and the Department of Environmental Resources Management (DERM) are now together under one roof to provide you better service at the "One Stop Shop."

Starting on February 12th, septic tank and well applications for unincorporated Miami-Dade County will be received and permits will be issued inside of the Miami-Dade County Permitting and Inspections Center located at 11805 SW 26 ST.
